

# January Newsletter

## Zoofari

We have had a lot of wild adventures last month. We learned about some roaring animals and some color changing animals.

In January, we will be learning about some animals that are small and large. Our new theme that we will be doing is “Who’s New at the Zoo?” We will be creating a this time Peek-a-Boo book with the following animals this month:

January 9: Wallaby  
January 16: Opossum  
January 23: Cow  
January 30: Gorilla

During this theme, we will be learning about the animals and doing some math, art, and hands-on activities.

As the children learn new animals, you can ask some of the following questions extend their knowledge:

1. How do they take care of their babies?
2. What does today’s animal like to eat?
3. When are they awake and when do they sleep?

Thank you for sharing your children with us! We have had a lot of fun exploring new animals.
